

PRELIMINARY PROGRAM

September 3rd - 7th, 2026

Saarland University Medical Center
Department of Neurosurgery
Kirrberger Straße, Building 90.5
Saarland University Medical Center
66421 Homburg-Saar / Germany

WELCOME ADDRESS

Dear colleagues,
it is my pleasure to announce the

15th Homburger Neuroendoscopy Week
at the
Department of Neurosurgery
Saarland University, Homburg-Saar / Germany,

Due to the success of previous years, we will offer **2 MODULES** in 2026.

MODULE 1 **ENDOSCOPIC SKULL BASE SURGERY** will focus on the interdisciplinary approach to the skull base in cooperation with our ENT-Department of Professor Bozzato.

MODULE 2 **INTRAVENTRICULAR NEUROENDOSCOPY** addresses all aspects of intraventricular endoscopy and endoscopic assisted surgery in pediatric and adult patients.

Please note: In earlier years, a third module - Concepts in Minimally Invasive Spine Surgery - was part of the Neuroendoscopy Week. In 2026, this module will be organized separately as a Pre-Congress Workshop of World Spine XI in Homburg (September 8-9, 2026). Registration for this workshop is only possible via the official World Spine XI website.

As in previous years, a curated selection of innovative neurosurgical products will be showcased in the accompanying **INDUSTRIAL EXHIBITION**.

We are looking forward to welcoming you to Homburg-Saar for a week filled with exciting new experiences.

Sincerely yours,

Joachim Oertel

Prof. Dr. Joachim Oertel
Head of the Department of Neurosurgery

A. Bozzato

Prof. Dr. med. Alessandro Bozzato
Head of the Department of Otolaryngology
